Scheduled for Saturday, October 15, OcTrolleyFest 2011 celebrates the 153rd Anniversary of the first horse-drawn streetcars to connect Philadelphia with the communities of Delaware County in 1858. In these days of high gas prices and climate changes, celebrating a non-polluting, historic, existing, economical form of transportation simply makes sense. You are invited to be part of the celebration. October is a good time to celebrate the places we call home and ride on a 1947 vintage PCCII Trolley through 366 years of Pennsylvania history.

Please make checks payable to “OcTrolleyFest 2011” and send to us at the address below. Thank you!
